What is the title of the training?

Section 1512 Reporting Requirements for State Agency Prime Recipients

Who should attend? This presentation is for state agency staff with responsibility as prime recipients of federal Recovery funding for reporting according to the requirements listed in Section 1512 of the American Recovery and Reinvestment Act of 2009 (Recovery Act).

What will I learn? Washington State has chosen to use “decentralized” or “parallel” reporting to meet the Section 1512 requirements. As a result, state agencies are responsible for reporting on the expenditure of their Recovery funds directly to the federal government.

This training will focus on the state’s policies and procedures, processes, and the technical solution developed by the state Office of Financial Management for parallel reporting. This training will be provided by subject matter experts from the Governor’s Economic Recovery Team.

How do I register? Please use this link to register: <http://www.ofm.wa.gov/training/default.asp>

Is there a cost? No, this training is FREE.
